

CAREER PROFILE

A person seeking to work with awesome people. A few things that best describe him:

- A *semi-autodidact*.
- Passionate about programming. Loves to craft eloquent programs.
- Loves to explore behind the scenes working of things.
- Interested in design. Craves to make simple and intuitive interfaces.

EXPERIENCES

Project Engineer

July 2018 - Present

e-con Systems India Private Limited, Chennai, IN

I'm currently a member of the Camera Team doing Research and Development work for the development of new platform camera products.

EDUCATION

B.E. in Computer Science and Engineering

August 2014 - April 2018

Saranathan College of Engineering

- *Life-changing* experience.
- Helped discover his interest in design.
- Learned and discovered a **lot** of new things, both in class and through exploratory learning.

Higher Secondary Certificate (HSC)

June 2012 - March 2014

Mahatma Montessori Matriculation Higher Secondary School

- Discovered that scoring marks is not the ultimate goal of studies.
- Came to know that *there's more to life than just getting grades*.

PROJECTS

[Customized Wikipedia Offline Package Generator](#) - An ongoing Node.js application that would allow users to download custom offline packages of Wikipedia articles.

[Seminar Hall booking](#) - A web application to book seminar halls (learning project).

[தமிழ் அகராதி \(Tamil Dictionary\) - Andoid app - Aard 2 for Android](#) customised as a Tamil dictionary.

[lxconf](#) - A few hacky scripts to automate setting up of a new computer.

தமிழ் (Tamil) (Native)

English (Advanced)

INTERESTS

[Contributing to open source projects](#)

[Volunteering for the Wikimedia Foundation](#)

[Editing Wikipedia](#) (greatly improves researching skills!)

Learning new things (the autodidact's way)

Reading books ([Wishlist](#))

CONTRIBUTIONS

A few notable contributions to open-source projects.

Python - [project](#) · [contributions](#)

My very first open-source project contribution. Though a very trivial one, I find it memorable.

Git - [project](#) · [contributions](#)

One of the open-source projects to which I made my initial contributions. I find the community to be a very diverse and knowledgeable one.

Wikipedia Android App - [project](#) · [contributions](#)

A few volunteer contributions that I managed to do during my free time. I'm mostly just filing bugs I find when I use app, these days.

Wikimedia Commons Android App - [project](#) · [contributions](#)

A project to which I mostly do non-code contributions. This includes filing bugs, entering in discussions etc.

SKILLS & PROFICIENCY

HTML5 & CSS

Responsive website design

JavaScript

Node.js

Ruby

C

C++

Java

Git

Shell scripting
